## **Historical Note**

The Tuvalu Trust Fund was established in 1987 to provide a source of recurrent revenue to the Government of Tuvalu, which had extremely limited alternative sources of revenue at its disposal when it achieved independence in 1978. Tuvalu started developing a case for a Trust Fund with its donor partners in 1982. After undergoing a series of negotiations with donors and further refinements of the proposed Fund, an agreement (The International Trust Fund Agreement) was signed on 16 June 1987 by Tuvalu, New Zealand, Australia and the United Kingdom as the original parties. The Fund itself was invested on 21 August 1987, with an initial value of A\$27.1 million of which A\$1.6 million was contributed by Tuvalu, A\$8 million by Australia, A\$8.3 million by New Zealand, \$8.5 million by United Kingdom, A\$0.7 million by Japan and A\$31,000 by South Korea. Since inception, the Fund has been receiving additional contributions from the parties to the Fund. Therefore A\$62.19 million of the Fund was made up by other parties' contributions since inception. The graph (Figure 1) below summarizes contributions by each country up to 30 September 2018 including the initial contributions at the establishment of the Fund.

## **Purpose of the Fund**

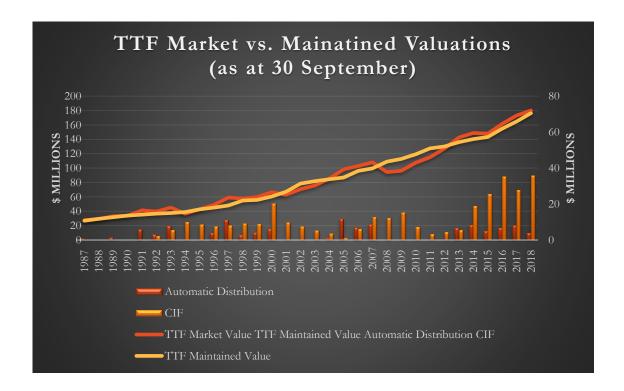

As set out in Part I, Article 2 of the agreement, the Fund has the following specific purposes:

- a) assist the Government to achieve greater financial autonomy in the management of its recurrent budget;
- b) enable the Government to maintain, and if possible, improve existing levels of social infrastructure and services;
- c) enhance the capacity of the Government to receive and effectively utilize external capital development and technical assistance;
- d) enable the Government to meet long-term maintenance and operating costs of social and economic infrastructure and services; and
- e) assist the Government to develop the economy of Tuvalu

#### The Growth of the Tuvalu Trust Fund

As at 30 September 2018, the Fund's value in the financial markets stood at A\$176.4m compared to A\$172.9m at the end of 2017. This included new capital contributions of A\$2.29 million from all the major partners in the Fund.

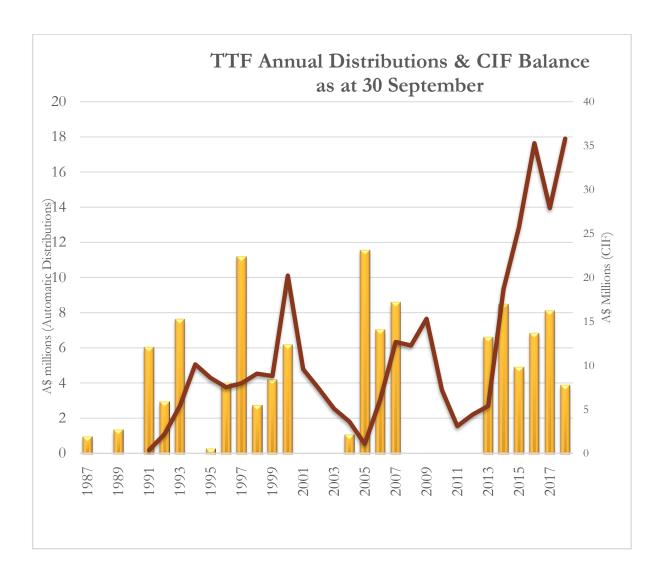

The chart below shows the Fund's Market Value compared to its Maintained Value since inception to 30 September 2018.

#### Creation of the Consolidated Investment Fund Account - the Buffer Account

In November 1993, the TTF Board of Directors endorsed the initiative of the Tuvalu government to create a buffer account, the Consolidated Investment Fund (CIF). The CIF was created based upon the need to provide a mechanism for holding distributions from the TTF (the A account) until such time as they were required. The CIF belongs entirely to the Government of Tuvalu as opposed to the TTF which is managed by the Board in trust for the people of Tuvalu and governed by the International Agreement.

The Chart below shows the CIF balance and the annual distributions received from the TTF since inception to 30 September 2018.

#### Governance of the Fund

The provisions set out in the International Agreement govern the Fund. The Parties to the Agreement - the Government of Tuvalu, Australia, New Zealand and the United Kingdom – are the members of, and those responsible for, the Tuvalu Trust Fund. Following its regional program review, the United Kingdom withdrew its membership of the Tuvalu Trust Fund Board and the Advisory Committee in 2004.

#### **Board of Directors**

In accordance with Part II, Article 6 of the Agreement, the Fund has a Board of Directors, in which all powers of the Fund are vested in, and exercised by the Board. The Directors of the Fund are:

- a) a Director appointed by the Government of Tuvalu, who is Chairman of the Board:
- b) one Director appointed by each other original Party to the Agreement.

Since the UK's withdrawal, the Board now consists of representatives from Tuvalu (Chair), Australia and New Zealand.

#### **Annual Reports**

In accordance with Part VIII, Article 23 of the Agreement, within six months of the end of each financial year, the Board shall publish and submit to each Party, an Annual Report on the activities and management of the Fund, including the annual accounts of the Fund Managers, and the reports of Fund Monitor, Auditor, and Advisory Committee.

## **Chairman's Report**

I am again honored and delighted to present the Annual Report of the Tuvalu Trust Fund for the financial year ending 30 September 2018. For the current year under report the affairs, activities and management of the Tuvalu Trust Fund have been conducted and carried out in accordance with the International Agreement, (the DEED).

As at the conclusion of the Financial year 2018, the market value of the Fund has increased from \$173.0 million in 2017 to \$180.2.0 million. This included additional capital contributions from New Zealand of \$0.56 million, and \$1.7 million from the Australian Government. Maintained value over the year grew from \$173.23 million to \$176.42 million as at 30 September 2018. This is the sixth consecutive year that Market Value exceeded Maintained Value for the Fund which translates to a possible distributions for the Government of Tuvalu from the Fund. This Government remains committed to reach our target of \$200 million maintained value by the year 2020. However, let us not be complacent but bear in mind that the markets may turn against us at any time therefore the challenge now is to ensure our current success is continued to the future and I have every faith that the Fund is well placed to achieve this.

In closing, I wish to acknowledge the continued support and guidance of my fellow Board Directors, the commitment and professional services rendered by Fund Managers, Fund Monitor, Investment Committee, Advisory Committee and the Secretariat.

Tuvalu mo te Atua.
